

Surface Laptop 5

Blazing fast, sophisticated style

Sleek and portable, Surface Laptop Go 2 is the lightest Surface yet, making it perfect for students who are on the go. Featuring a 12.4" vibrant touchscreen and great typing experience, Surface Laptop Go 2 combines an improved HD camera, secure Windows Hello sign-in, and a performance boost—all in a premium design with a choice of rich colors.

Key Features

- Choose a 13.5" PixelSense™ touchscreen for ultra-portable productivity, or a larger 15" PixelSense™ touchscreen best for split-screen multitasking.
- Snappy multitasking across multiple tabs and apps, with powerful 12th Gen Intel® Core™ processors built on the Intel® Evo™ platform.
- All-day battery life and Fast Charge.
- Variety of color options like warm, sophisticated Alcantara® or edgy, cool metal, and bold colors including new Sage.

Upsell Opportunity

Pair the Surface Laptop 5 with the Surface Thunderbolt™ 4 Dock and the Surface Arc Wireless Mouse.

Campus Sales Positioning

- **Administration:** The Surface Laptop 5 provides fast performance thanks to the Quad-Core 11th Gen Intel® Core™ processor and AMD Ryzen 5.
- **Healthcare:** Doctors, faculty, and medical students are going to love using the Surface Laptop 5. It has a long battery life, fast charge, and is strong but not too heavy to carry around.

Common Objections and How to Handle Them

“Why should I upgrade from the Surface Laptop 4 to the Surface Laptop 5?”

The new Intel Core 12th Gen processors built on the Intel® Evo™ platform in the Surface Laptop 5 provide up to 50% faster performance compared to Surface Laptop 4.

There are many reasons why you should upgrade to the Surface Laptop 5. It's what's on the inside that counts here. The new Intel Core 12th Gen processors built on the Intel® Evo™ platform in the Surface Laptop 5 provide up to 50% faster performance compared to Surface Laptop 4. It will handle all daily tasks, and more, with speed and ease.

“What is the battery life like on the Surface Laptop 5?”

The Surface Laptop 5 works up to 19 hours with normal use. Most competitors' laptops have an average run time of 4 hours depending on the applications you're using. You won't have to worry about finding an available outlet because this device is built to last all day. If that's not enough for you, the Surface Laptop 5 has Fast Charging, making it easy to charge quickly between classes.
